The rear sunshade automatically lowers to ensure visibility when reversing.

Garage Door Opener

The garage door opener can be programmed to operate garage doors, gates, entry doors, door locks, home lighting systems, security systems, and other devices.

The garage door opener (HomeLink® Universal Transceiver) is manufactured under license from HomeLink®.

CLYQGAH668

The HomeLink® compatible transceiver in your vehicle has 3 buttons which can be programmed to operate 3 different devices.

■ Programming HomeLink®

CLYFQ5H026

1. Hold your hand-held transmitter within 3 inches of the HomeLink® buttons.
2. Press and hold down the desired HomeLink® button.
3. For U.S.A. owners:
   While pressing the HomeLink® button, press and hold down the button on the hand-held transmitter until the indicator light changes from a slow to a rapid flash.
   For Canadian owners:
   While pressing the HomeLink® button, repeatedly press and release (cycle) the button on the hand-held transmitter every 2 seconds until the indicator light changes from a slow to a rapid flash.

If your garage door is of the rolling code type:

4. Press the training button on the motor-head unit in your garage.
5. Press and hold the vehicle's programmed HomeLink® button for 2 seconds and release it. Repeat this step once again.
   If the door does not open, press and release the same button once again.

n Programming other devices

For U.S.A. owners:

To program an entry gate, see the Owner's Manual.

To program other devices, contact your Lexus dealer.

For Canadian owners:

To program all other devices, follow the same procedure as for garage door programming.

n Operating HomeLink®

Press the appropriate HomeLink® button.
The indicator light should come on.

Lexus Link System (If Equipped)

The Lexus Link System is a communication service that uses the GPS (Global Positioning System) data and cellular service to provide you with safety, security and convenience. Button operation and voice commands are used to operate the system. To operate the system, follow the voice guidance instructions.

Buttons

1 Voice keypad button

Sends number tones to an automated phone system for example to access voice-mail, during a phone call

2 Volume control

Adjusts your Lexus Link System audio volume

3 Phone button

- Makes or answers a phone call using the hands-free personal calling service
- Ends a call

4 “SERVICES” button

- Contacts the Lexus Link Call Center for information, directions or other services
- Records a conversation for later playback

5 Emergency button

Makes a priority call to the Lexus Link Call Center

n Services

The Lexus Link System offers the following services. For details about the services and subscription, refer to the Owner's Manual or call the Lexus Link Call Center at 1-800-25-LEXUS (1-800-255-3987) (toll-free).

- Airbag deployment notification
  If an airbag deploys, an emergency call is automatically placed to the Lexus Link Call Center with your vehicle's location. You do not need to press any buttons.
- Emergency assistance
  When you press the Emergency button, a priority call is placed to the Lexus Link Call Center with your vehicle's location. At the Call Center, the Lexus Link Advisor can determine your vehicle's location, communicate with you, and, if appropriate, contact the nearest emergency service provider.
- Stolen vehicle location assistance
  If your vehicle is stolen, call the Lexus Link Call Center and then select the option for Lexus Link.
- Remote horn /lights and remote door lock/unlock
  The remote operations are performed by contacting the Lexus Link Call Center from the outside of the vehicle. When necessary, call the Lexus Link Call Center and then select the option for Lexus Link.
- Advisor record
  You can record a conversation with the Lexus Link Advisor.
- Personal calling from OEM telematic services
  The Lexus Link System provides access to personal calling, a hands-free phone service provided by OEM telematic services.
- Other services
  Press the “SERVICES” button in the vehicle or call the Lexus Link Call Center and then select the option for Lexus Link. The services provided will depend on the service plan level.

This system is only operational in GPS (Global Positioning System) and cellular coverage areas.
